Patrick Cook, Kunuki, Cloudy Skies
Top Pape' Your Book "Outer Space
Photography for the Amateur" is in
the safe (I hope it will be in the
safe by the time you read this!)
Thanks very much for use of it, R.Cook

IN - 12:00 A.M. OUT - Kunuki borrowed
100g. variable charts, retouched & hydrgyte, borrowed 4.25
projection lens. Cook & Kunuki observed & variable
changed down office, then garbage and. flashlight was
clown was off, Quit at 9:30 P.M.

2/14/62

Pope, Plates

2/17/62

John Geraci, James Beck, Mr. L. Shafer, Don Haaga came for
work party 9:30 A.M.
Ken and Jim White and Ben
came later.
We cleaned whole library and fixed
star charts. Please keep them in order.
Also, Pope please close
and lock. Some Trap Door
it was left wide open.
We all went home at 11 P.M.
Len Schoefer.

2/20/62

Ken White went to 740 P.M. couldn't hear
Glass Shelves will not hold books.
Broke while morning. Books out 9:25 am.

2-29-62 Reminded to get in 10:30 am.
I was sick with fever. We didn't want to leave it. Anyway everyone wouldn't let it. Quit again on 3/1.
I would like a clean god night take a shower. Don't make the laundry. Poll to enter the door.

3/1/62

7:30 PM

3/2/62 Main event. 7:30 PM to 11:25 PM.

3/4/62

7:30 PM

3/2/62

Komiche & I got off.

10:30 PM

Had a good time.

3-2-62

Noah in at 9 PM. Observed 7900 G. Holgate

3-1-62

Sky and Tel 5120 Coke, bigger boring 250, x-ray head shot for hair. 18 in. 20 in.

83°F

3-3-62

Komiche & I sit in 6:15 PM. Again we couldn't get the slide again. We got on the roof and tried the cable but this did not help. Maybe something.

Mangle. 8:35

3-4-62

Purchased 5000. At 5:30

To the top of the chute sticks.

Wend, Jerges out 11:44
Glasser, Oszypowski & Joe out 12 midnight
White observed 20, 7905, Jupiter, Saturn, Out 3:10 AM

June 3-4

Til. McFarland (cloudy!)

June 5

Ed Halbach, Richard Halbach, and
Jane Kuehni, working on
moonwatch cliff Out at 11 PM.

June 7

Short brought out limbs for moonwatch build.
(How about cleaning up lecture hall)
Jero: it looks like a mess.

June 7

Glasser - Working on camera - in 3:00 PM, out 6:30 PM

Tony, Halbach - Urbana Satellite Site
7:00-11:00 PM.
June 9
I was here, bought Hardware for satellite, also putDefaults for projector in tool cabinet. See you about July 6-1962.

From Scenic.

June 12
15.78. White in. 8:30. Out 10:30
Pope in 7:30 am
Ed & Dick Halstead - worked on satellite 8:00 - 10:30

June 13, 1962
Henry & Louis 8:30 pm to 10:10 pm

June 13, 1962
Albright. 7:45 - 10:30

June 15
Arrived here
June 16
Kenshin White in 10:30. Out 1:30

June 16
Kenshin White was on all Sat. Shed 9:30
Earned $20 of Rod & shutters also spent fort
scope - left magazine new sat. shed out 3:45

June 15
Kumico Johnson & Zelowski in am
Jin Jacobs 9:35. eq. 1:35 - 9:00 pm
Kumico & New Dismanny. discussed
Jupiter, Saturn, and Mars. Did
several variables and also observed NGC
2516. Water container closed lecture hall and
Davy Star out. 10:30 am.

June 19, 1962
Albright arrived at 5:15.

June 20
Albright's lamp arrived at 6:30
Cal Scott - removed zodiac from satellite.
June 20

Glaser - made test photos with astro-camera - out 23:35 CDT

June 22

- Mark Kuzma's, Jerome Kunicki 1st, 4th, 5th, 6th, 7th, 7:35 AM, included all left shed, out 11:30 AM, cut the rest of the grass

Glaser - to make more test photos

Clouded out - left 23:40 CDT

Kunicki, Kunicki swept observation cabin, aligned 12½" finder, blind pulleys on the scope, cleaned condenser in 12½ telescope, and sprayed the place around insects and against implied garbage. Oct 7, 1915

Kunicki returned large recording. Aug 9, Kunicki 2:30 - 4:30

Knock apart remains of satellite sugar structure & pulled nails. Bobh family visited, picked up Var Sta recording sheets.

Cooke, Kunicki, Downdale Walsh

June 23

Max, Picnic gave weather about 50 percent.

No rain. (Wurr Boon the 30)

June 24

No # item about the ceramic well at Shingle.

Glaser - Camera Test photos - out 23:40 CDT

Kunicki, Cooke, Thor, in 7 AM - 7:45 PM field observing.

Out -

Wade observed variables as well as usual celestial mesh - moon of nebulae, planets, etc.

Also library research on "Project Saturn" water jugs forest decent work, must be stepped up with shrub of orange from the punch

Left it field with H.0 to keep burglar.
June 27th, Narama and Haaga left at 4:30 A.M.
June 28th, Ben Barre, took rest of Satellite House apart but found blocks too heavy to handle as to getting them inside here on the east wall. Now they are piled on west side of the old bay windows. Tues. 8:45 to 10:45 A.M.

Open House

Ken & Big White 11:45 A.M.
Vera & George 6:30 P.M.
J. H. & Jean Herschel 7:30 P.M.
